

Benefits

	Pro	Free
Freehand chart design tool	✓	✓
Share your chart with anyone	✓	✓
Keep track of your progress Have Chart Minder highlight your current row, and remember where you got to	✓	✓
Preview your chart in stitches Knit stitches aren't square! Use the Stitch view to see what your motif will look like when it is knitted	✓	✓
Generate your chart from an image Save time by using images you already have to create knitting patterns from anything at all	✓	✓
Download your chart As well as storing your chart on the site, you can download it as an image to use in a pattern, printed, or anywhere you like	✓	✓
Wide range of knitting symbols	✓	✓
Gauge calculator Gauge will always distort the shape of your stitches. Chart Minder can show you how this will look, as well as helping you calculate measurements	✓	✓
Private charts Restrict access to your creations	✓	✗
Copy and paste Speed up your chart drawing process	✓	✗
Flip and Rotate Flip and rotate selections of the chart to create symmetry	✓	✗
Higher quality downloads Get better definition in your images	✓	✗
Full spectrum of colours Find the perfect shade using the advanced colour picker	✓	✗ Choose from 95 colours
Unlimited outlines Outlines are a great way to remind you to repeat a section, change needle size, or add annotations	✓	✗ One permitted
Preview chart repetition Visualise the effect of repeating your pattern many times to see how the joins will align	✓	✗
Custom chart numbering Offsetting your chart numbering is helpful when your chart begins part way through a project	✓	✗
Reorder your palette	✓	✗
Custom grid, font and symbol styling	✓	✗
Download without Chart Minder watermark	✓	✗
Premium support	✓	✗
Guaranteed access to all new features	✓	✗
Get that warm fuzzy feeling of supporting an independent creator Chart Minder is built and run entirely by me (hello!). Having Pro users enables me to spend more time improving the site	✓	✗
